Featured Speaker: Rosemary Ellen Guiley *"Ouija Gone Wild!"* Long time friend of SSP and author of 50+ books on everything from Angels to Vampires, she is truly the "Queen of the Paranormal". The Ouija board is guaranteed to rivet attention and polarize opinions. Is it good, evil or neutral as a spirit communication device? **Rick Fisher** will join Rosemary to discuss some of the more bizarre cases from the Ouija's checkered 100-year-plus history, including ghastly murders, people driven insane, and demonic communicators, one of which made the planchette crawl up a woman's leg! Rick and Rosemary are the co-authors of *Ouija Gone Wild!*, an examination of what makes the Ouija board so troublesome. Rick Fisher is the founder of the Paranormal Society of PA and Curator/Founder of the National Museum of Mysteries and Research Center in Columbia, PA.

Rene Kruse has been investigating hauntings and haunted sites since 1976. She holds a PhD from Texas A&M in Industrial Technology - which she utilizes in her investigations. A professor at California Univ. of PA, Rene has been teaching applied engineering for 23 years. In a follow up to her 2011 Spirit Day Presentation, Rene will focus on *"Different Disasters"*, and share new stories from her research about some of America's worst and most deadly disasters and the hauntings that followed. These stories are selected from the forthcoming *A Pale Horse Was Death* that Rene co-authored with prolific paranormal author and expert Troy Taylor

Kelly L Weaver SSP Founder and a popular Psychic-Medium, Kelly has studied dreams since she was a child. *"Your Dreaming Mind"* will discuss how dreams played a role in politics, art, religion and psychology from ancient civilizations to the present. Do dreams change as we age? What do recurrent dreams mean? What's in a dream and what does it mean? Do you dream in black and white or color; Does it make a difference? Should you use dream dictionaries? We will also delve into the "Twilight Zone of Dreams" such as paranormal themes, etc. You will be taught how health remedies come to you when you sleep. Do you have validating or message dreams? After this talk you will know a lot more about yourself simply by listening to your dreams. Kelly will show you a fun way to keep a dream journal so you can track your nightly voyages into **YOUR** Dreaming Mind.
